Easter Seal Drive Begins

Again this year we are asking for your help to support the program for crippled children and adults. This week you are receiving your letters and Easter Seals stamps in the mail. Won't you please put a dollar or two or whatever you can give in the envelope and return it to the Grayling Bank to be credited to our society. This money is used in Crawford County to buy wheel chairs, crutches, braces, urinal bags, special shoes, back supports, etc. This money is used to assist needy people and is not expected to be paid back. If you are not handicapped or child, you should be happy to assist in this small way someone who has. The expense with any kind of crippling is very, very high and any little help we as a society and a community can give these courageous people, certainly helps to lift their burden.

We make one annual appeal, at Eastertime each year, for funds. Any donation you can give will help carry on the work which goes on all year long. (See Easter Seals — Page 8)

W. O. Hildebrand Receives Honor

W. O. Hildebrand

By Chuck Kroll

No man in the history of Michigan has had greater influence in shaping the proper conduct of this state's insurance business than W. O. Hildebrand, known to his multitude of friends as "Hildy."

For the past 30 years he has been Mr. Insurance in Michigan, working unceasingly to elevate the standards of insurance producers and of insurance education.

After graduating from Owosso High in 1922, Hildy attended the University of Michigan. Entering the insurance business in 1929, he managed agencies in Ann Arbor before being appointed a state agent for the Loyalty Group.

In 1938 Hildy joined the Independent Insurance Agents of Michigan as that organization's first full-time manager. The following year he was instrumental in persuading the State Legislature to adopt a qualification examination for insurance agents — one of the first of its kind in the country.

Other important milestones in his career were: Publication of the first edition of the Michigan Insurance Reference Manual in 1940, which, in its eighth revision, remains not only the basic text for Michigan insurance qualification examinations, but which has been copied by several other states as their basic text in similar qualifications.

His efforts resulted in Michigan being the first state to adopt its insurance educational program to the Federal laws, thereby qualifying under the G. I. Bill of Rights for returning war veterans.

During World War II Hildy headed a voluntary War Inspection Service whose main function was setting up recommendations for fire safety in industrial plants.

Yet another accomplishment was the arrangement with Michigan State University to organize an industrial training system for insurance producers which, again, has become a guiding pattern for other states.

In 1967 Hildy attended the first Pan-American Congress of Insurance Producers, held in Venezuela. At that meeting he was appointed an official delegate for the United States and Canada, and was further given committee responsibility to pursue the development of an industrial insurance common market.

Two weeks ago, at the annual convention of the Michigan Association of Insurance Agents in Detroit, Hildy's friends and business associates saw fit to honor his 30 years of service by announcing the establishment of a W. O. Hildebrand Endowment Fund for insurance education at the University of Michigan. The goal announced for the fund was \$500,000, and as a measure of their respect for Hildy, the more than 900 members subscribed some \$45,000 on the spot.

The Endowment Fund will be used for (A) Scholarships and (B) See Hildebrand — Page 8

Set Spring Forensic Calendar

School officials at Grayling High School have been notified that the Michigan High School Forensic Association has selected sites and dates for the annual spring forensic competition.

Grayling will compete in District No. 2, which will be held at Elk Rapids on March 30th. Schools competing in this district are: Elk Rapids, Fairview, Gaylord Senior High, Gaylord St. Mary's, Grayling, Lake Leelanau St. Mary's, Traverse City Senior High and Traverse City St. Francis. Mrs. Peggy Graham of Elk Rapids is district chairman.

There are eight Regional Forensic Tournaments in the state. Each Region is made up of approximately eight districts. The first and second place winners from the Elk Rapids District will compete in Region B which is scheduled for Central Michigan University, Mt. Pleasant, on April 9. Dr. Emil Pfister of the C.M.U. Speech Department is regional chairman.

First, second and third place winners from each of the eight regions will meet in the State Forensic Finals at Ann Arbor on May 4th.

Grayling will enter a team of 28 contestants and five alternates in the nine forensic divisions. The divisions are: Declaration, Dramatic Reading, Boys' Original Oratory, Girls' Original Oratory, Humorous Reading, Boys' Extempore Speech, Girls' Extempore Speech, Reading Theatre, and Radio News Broadcasting. Local competition, which has been in progress for the past two months, will be completed by March 20.

On April 27, the State Forensic Sweepstakes Contest will be held in Ann Arbor. Each school in the state is permitted to enter one contestant. Each contestant must compete in five forensic events, namely: Original Oratory, Dramatic Reading, Humorous Reading, Extempore Speech and Radio News Broadcasting. This is the first year that the forensic pentathlon has been scheduled.

On March 5th City Police arrested William W. LaMotte, 18, of Grayling for destruction of private property. He appeared before Justice Williamson the same day and made a plea of guilty and received fine and costs of \$30 or 60 days. Fine and costs were paid and LaMotte must also pay restitution of \$110.

William H. Lawrence, 19, of Grayling was arrested March 8 on the charge of minor in possession of beer. He appeared in court March 11 and pleaded guilty and was fined \$75 fine and costs or 60 days in jail. As yet the fine has not been paid.

PLANS MADE FOR AREA SYMPHONY

During the past several years a group of citizens in the Roscommon-Higgins Lake area, interested in the musical arts, have discussed the possibility of a community symphony orchestra, and are now going to attempt to make it a reality.

Clasper Fradi of Roscommon acting as spokesman for the group said: "It is our hope that with a minimum amount of publicity we can arouse enough interest in instrumentalists and music lovers in general to promote the musical arts in the area."

The immediate needs of the orchestra are instrumentalists including woodwinds, brass, percussionists and a good quota of string players. We invite all interested musicians to join us, or at least give it a try, and not be too critical of their ability."

"We are fortunate in having Henry Verberkmoes, a very capable musician as our director," Fradi said.

Rehearsals are held every Thursday evening at 8:00 o'clock in the band room at Gerish-Higgins High School. Roscommon

St. John Lutheran To Present Film

"A Time for Burning" will be shown at St. John's Lutheran Church on Tuesday, March 26 at 8:00 p.m. in the church parlors.

On "Oscar" night this film will be competing with four others for the award in the category for feature-length documentaries. It won wide acclaim last year when it was twice featured on the National Educational Television network in the United States and on stations of the Canadian Broadcasting Corporation.

"A Time for Burning" depicts the tensions that result when a Lutheran congregation in Omaha faces the problems of race relations. Events in the film were shot as they happened, without script, professional actors or any advance knowledge of how things would end up.

There is no happy ending to this film, but it does provide real insight into our greatest national problem and can help us to see ourselves more honestly and objectively.

No admission will be charged, nor any donations asked for.

Vikings Top Roscommon Bucks For District "C" Title Here

Red Cross Quota \$2,092 Here

The American Red Cross is an instrument of mercy for all of us. For more than 85 years its mission has been to serve the members of our Armed Forces and their families, to help our neighbors when natural disasters strike, and to aid all who are in need. The Red Cross Blood Program supplies nearly half of our people's need for blood. The safety and nursing programs of the Red Cross save countless lives.

This year the Red Cross must raise \$121,624,000, the largest annual goal since the end of World War II. It needs these funds to fulfill commitments for the relief of disaster victims and to meet enlarged responsibilities to our men in uniform.

Crawford County's quota this year is \$2092. Chairman Mrs. Laura Morse stated. She reported that \$1401 was raised in last fall's door-to-door campaign, and that a letter campaign to raise the rest of the necessary funds was started the first week of March. Replies may be sent to 401 Brink St. in Grayling.

To Hold Workshop At M. M. Church, Mar. 17

The Michelson Memorial Church will be the scene of the Top G Michigan Workshop in Christian Social Concerns. The theme of the workshop is "The Task of the Church Social Service: Social Change." Discussion groups will deal with such timely subjects as Vietnam, Fair Housing, Urban Unrest, Discontent in a Democracy, Feeding the Hungry, Who is Responsible for our Schools? One Parent Families, Program for Local Pre-School Children, and a number of other relevant subjects.

While the workshop is designed for Methodist Christians from the northern counties of Michigan, all interested persons are invited to participate. Skilled resource persons from all over the State of Michigan are being brought together for this occasion.

An evening meal is being provided by the ladies of the Michelson Church for which reservations are requested.

In their win over the Bob Cats, the Vikings jumped off to a 15-5 first period lead and held a 32-23 halftime advantage. The Bob Cats came clawing back after the intermission to tie the score at 65-65 at the end of regulation play.

In the extra three minutes of action Grayling held an 8-6 advantage to capture the victory. Both teams netted 30 field goals, but the Vikings hit for 13 free throws to Houghton Lake's 11.

Pacing Coach St. Germain's Vikings were Louie Nielson with 17 on 8-1, Vern Hartman 15 on 6-1, Dale Papendick 13 on 6-1, Allen Lowe and Gerry St. Germain with 10 each on 2-8 and 4-2 respectively. Mike Smock added 8 on 4 field goals.

For Houghton Lake, Bill Stevenson led the Bob Cats with 20 on 9-2, followed by Bill Christall with 17 on 8-1, Bob Hoeltzel 15 on 8-3 and Gary VanDuijn 15 on 6-1.

Roscommon won its way to the district final with an easy 76-55 victory over the Alcona Tigers on Thursday night.

The Bucks led right from the start with a 20-9 first period lead and held a 38-29 advantage at intermission. The third quarter found Roscommon holding a 56-50 margin, and finished the final stanza with a 20-15 count to win going away.

Roscommon was led by Carter with 25, Harkins with 17, Hutchinson 13 and Ostling 11, while Alcona had three men in double figures as McIntyre hit for 12, Kalona and Peltin 10. Alcona ran into foul trouble early as they tried to press the taller Bucks. They lost four of their starting five in the fourth quarter.

In the finals Saturday night the Vikings were decided underdogs as they had lost to the Roscommon Bucks in two season encounters 56-57 and 85-71.

With hustle and determination the Vikings fought the taller Roscommon five from the very start as they battled to a 19-19 tie at the end of the first period. Grayling had an 18-17 advantage in the second period to lead 37-36 at halftime. The Vikings extended the lead to 55-50 at the three quarter mark, and outscored the Bucks 21-17 in the final stanza.

Gerry St. Germain led the Vikings as he tallied 22 big points on 8 field goals and 10 free throws. He was ably assisted by Smock with 17 on 6-5. Lowe with 15 on 6-5.

M.P.S. APPROVES RATE ADJUSTMENT

The Michigan Public Service Commission has approved a rate adjustment in the wholesale electric power service provided by the Northern Michigan Electric Cooperative which means a savings of \$80,000 annually to the three REA cooperatives it supplies in the upper quarter of Michigan's Lower Peninsula.

Northern Michigan Electric Coop. provides wholesale electric power service for the Cherryland Rural Electric Coop. Assn. in Traverse City, Top O' Michigan Rural Electric Co. in Boyne City, and the Presque Isle Electric Coop. in Onaway.

These three REA companies provide customer service in the counties of Manistee, Benzie, Grand Traverse, Kalkaska, Crawford, Antrim, Otsego, Mont-

morency, Charlevoix, Cheboygan, Presque Isle and Emmet and parts of Alpena, Alcona, Oscoda, Missaukee and Wexford counties. They also serve Beaver Island and Bois Blanc Island.

According to the wholesale cooperative's petition, this rate adjustment is made possible by the purchase of new equipment which provides greater efficiency and a resultant decreased cost of electric power production.

The new wholesale rates were to have been effective in February.

BARBED WIRE and Babbling Brooks

Spring sun shines on babbling brooks—and barbed wire. A bird song lifts prettily on fragrant air—and a sniper shot splits the silence. New green burgoons through brown winter grasses—and red blood drenches jungle earth.

One's description of the season depends upon location. In some parts of the world there are happy people, enjoying the spring, looking forward to Easter services. Other faces of this globe find suffering people, anguished by the sunshines, hungry, afraid, lonely, dying.

Centuries ago on black Calvary hill, Jesus of Nazareth demonstrated perfect love. Down through the ages, His life and teachings have pointed the way for mankind to heal the ills of the world.

So, in this Lenten season let us offer ourselves—our time and talents—to the service of His Church, in its task of making His kingdom come upon earth.

Firebug in the Basement

Representative Thomas B. Curtis of Missouri put the tax and public debt problem in a nutshell when he said that it is "clearly a requirement of national policy today" to establish priorities among desirable expenditures, "even needed expenditures, so as not to overburden the tax and debt structures and weaken the economic base."

To meet the cost of not planning public spending, the people are threatened with more taxes. Higher taxes would mean that all of us would have less money to spend. Using this method to slow inflation while the government goes on spending like an irresponsible drunk makes no more sense than pouring water on the roof of a house on fire while pouring oil into the basement. As Representative Curtis points out, it is clearly a requirement today to establish priorities on tax expenditures and bring spending into line with income, instead of taxing the people and business to the point of diminishing returns. This is a coldblooded, nonpartisan issue that must be faced.

MORRIS, MINN., SUN. "It is a bit difficult for most of us to comprehend the enormity of a billion dollars. When we talk about the federal budget being up \$75 billion we tend to think of the 75 and forget the billion — a person with a billion dollars could spend \$100 a day and 27,000 years later he would still have several million dollars left."

Interesting Events in Grayling 22 Years Ago

INTERESTING ITEMS OF NEWS GATHERED FROM THE FILES OF THE AVANCEANCE OF 22 YEARS AGO

March 13, 1946

Mr. and Mrs. Maurice Gorman of 800 Spruce Street have received word that their son, Clayton, has been promoted from Pfc. to Cpl.

Cpl. Maurice R. Babbitt is with the 122nd Gen. Hospital in Netherlands East Indies.

Cpl. Donald Babbitt is in Italy. He is the son of Mr. and Mrs. Richard Babbitt of Maple Forest.

About 45 persons attended the open meeting at the Crawford County Court House last night to discuss the sale of a portion of the City Park property. A huge majority of those present seemed to be against selling the half proposed, but the objection to selling any of the park was raised, although rather weakly. A large number of persons in attendance presented arguments both pro and con to the selling of the proposed half of the park, and Mayor George Burke asked retiring Councilman Roy Milnes to appoint a representative committee of five to visit the park when the weather permitted to actually survey the ground.

In honor of Mr. and Mrs. Norman E. Butler, who have taken up residence in Ludington, a delightful co-operative lunch was held at Michelson Memorial Church last Thursday evening. The affair was community wide, many "down-river" residents joining members of the church, the Aid societies, Eastern Star, Danish Ladies Aid, and Sunday school students and teachers in wishing this popular young couple Godspeed in their new venture.

Rose Mary Charron, daughter of Mr. and Mrs. Albert Charron, after completing her postulantcy of Mother of Mercy Novitiate was one of thirteen postulants to receive the holy habit of the religious Sisters of Mercy and took the name of Sister Mary Theonilla, R.S.M., Monday morning March 12, at the Solemn Reception ceremony in Our Lady of Mercy Chapel, of the Mother of Mercy Novitiate on West Outer Drive, Detroit. She was a graduate last June from Mount Mercy Academy, Grand Rapids and is a former pupil of Grayling Public Schools. Guests of Sister Mary Theonilla, R.S.M. were Mr. and Mrs. Albert Charron, Misses Margaret Charron of Grayling, Virginia Charron of Central Michigan College, Kathryn Charron of Mercy College of Detroit, Mrs. Anna McCoy, Mrs. James McDonnell and Mrs. Paul Holmgren of Grayling.

Hans Peterson, superintendent of the Grayling Fish Hatchery, revealed at the director's meeting of the Grayling Chamber of Commerce last Friday night that post-war plans for the Grayling station would be a repair and maintenance job of approximately \$30,000. The veteran wildlife expert told the directors that the amount would be spent over a two-year period following the war. He added that the hatchery would be back at peak production as soon as possible and estimated that 13 persons would be employed at the trout rearing station.

Mrs. H. C. Wab of Saginaw returned home Saturday after spending two weeks visiting her sister, Mrs. Roy Mures and other relatives. Mr. and Mrs. Wolcott accompanied her home for the weekend.

Mrs. Irma Daly, Mrs. James Bigham and Mrs. Jesse Wardlow returned to Saginaw Thursday after spending Tuesday and Wednesday at the William Bigham home, the reason for their visit being the 51st wedding anniversary of the Bighams. We extend our congratulations.

Virginia Charron has resigned her position in Flint and is now attending the Michigan College of Education at Mt. Pleasant. She was also a recent visitor at the home of her parents, Mr. and Mrs. Albert Charron.

Mrs. Grace Markby, accompanied by Miss Grace Markby and Mrs. Betty Sterling spent last Saturday at the Sanatorium in Gaylord visiting Miss Rosalie Markby. She looks and is feeling much better and extends greetings to her many friends here.

E. Strong and Mrs. Robert Strong spent Friday afternoon in Gaylord.

Mr. and Mrs. George Griffith of Fort Wayne spent several days at their cabin on the AuSable last week.

Mrs. Robert LaMotte left on the midnight train Sunday night having received word that her husband, Pvt. Robert LaMotte would be in that city for three days.

Sgt. S. Vern Akers, son of Perry Akers, arrived home from Fort Sheridan, Ill., to spend three days the first of the week. Mr. and Mrs. Lewis Mankowski of Gaylord and Stanley Rutkowski of Saginaw spent the weekend at the home of Mrs. Stanley Rutkowski.

Mr. and Mrs. Paul Ziebell returned Sunday afternoon after a three month visit with their daughter and husband, Mr. and Mrs. Fred Ciflin in Toledo. They report that Toledo had plenty of snow, too.

SF 1/c and Mrs. Louis R. Ward arrived Saturday to spend part of a 10 day leave with the former brother and family, Mr. and Mrs. John Ward. Louis has been married 7 months, his wife being from Laurel Hill, Fla. He is a fire-fighting instructor at the Panama City base. He wants to hear from his friends and to see any that are in his vicinity.

Twilight Twirlers

A bake sale will be held up-town this Saturday for the purpose of raising funds for making more uniforms, and adding to the treasury for the Mackinac Island trip in June. Homemade pies will be a specialty.

Opening for new classes will end this Friday, March 15. Classes will close at that time until June. Anyone desiring a chance to march in parades this summer, including Mackinac Island will have to begin classes now. Slips are at the High School office and should be returned to that office for the Senior group, and are available at the Elementary School also.

A new feature of the entire unit is that in addition to the senior unit (7th grade and up), and the junior unit the entire group is being split into five squads with a senior member as head of each squad. Squads will compete against each other for the most improved in a 3-months period, with an award at the end of the period. Squads will be rated each three months. Watch for other money-making ideas from the group to supplement their summer parades.

AS PART of their Americanism program, American Legion Post 106 and Auxiliary presented an American flag and standard to Grayling Girl Scout Cadette Troop 118 on February 28 at St. Mary's Hall. The flag was carried by Kelly Schaefer, with Mrs. Frank Muth and Mrs. William Scheer as color guards, and presented by Mrs. Francis Barclay, Americanism chairman. School Board Minutes

Monday evening February 26 the Crawford AuSable School District Board of Education met with the St. Mary's School Board of Education at the Grayling High School offices. We experienced a fine spirit of cooperation and understanding as we discussed the many topics of mutual interest and concern. Needless to say, one of these was the pending legislation to share school tax monies with the parochial systems. Many of the mutual anxieties under such a system were discussed with benefits and disadvantages openly debated in a most friendly atmosphere.

Members attending from the Saint Mary's Board were: Father McKnight, Dr. Paul Dosch, Thomas St. Germain, Carl Minor, Mrs. Jim Duley, and Mrs. Tom Douglas. The Crawford AuSable Board members were: Dr. Paul Dosch, Dr. B. E. Henig, Mrs. Bernard Fowler, Robert Smock, Gerald Burns, and Patrick Harwood and Joseph Stripe, Superintendent. We are looking forward to future meetings of this nature.

State Police in Need Of German Shepherds

The Michigan State Police are again in need of German shepherd dogs for the department's canine tracking program.

Potential donors are requested to contact any State Police post for more information.

The male German shepherds must be of pure strain and, if possible, registered. The dogs must be from one to two years old, large, big boned, and at least 24 inches tall at the shoulders. Ears must stand up and the dog should have no noticeable scars or odd markings.

Donated dogs that are accepted will be trained with trooper handlers for use as replacement

teams or for assignment to several new locations not yet determined.

A 14-week school for training handlers and dogs is tentatively scheduled to start the latter part of March. The training will be under the direction of Sgt. Richard H. Abbott, East Lansing, who has been associated with this State Police program since it began in 1960.

Tracking teams currently are assigned to East Lansing, Ionia, Flat Rock, Pontiac, Bay City, Flint, Jackson, Battle Creek, Paw Paw, Mt. Pleasant, Grand Haven, Cheboygan, Houghton Lake and Marquette.

There is absolutely no charge for the use of the loan equipment. We only ask that you return it in good condition when you are through with it. Please give and do it now before you forget. Your Easter will be a lot brighter knowing you helped someone else.

Hildy has now given up management of the Association and is serving as its Executive Director. He lost his first wife three years ago, and recently married a woman who had been his faithful secretary for 25 years. Hildy and Marjorie are now enjoying a new and invigorating life as permanent residents of Grayling, a decision heartily endorsed by his host of friends in our community.

Letters To The Editor

The High School Library is a source of information and education. A student should be encouraged to use the library, and not discouraged from its use by extended restrictions for minor infractions.

In the Grayling High School Library we evidently have a system whereby student monitors are delegated responsibility for determining what is an infraction of the rules.

Any infraction carries the same penalty.

The standard penalty is restriction from use of the library for the remainder of the six week period. There is no recourse.

For instance:

A student absent-mindedly put a foot on the rung of a chair and is detected by a monitor.

If this infraction is at the beginning of a six-week period the student involved is restricted from the use of the library for six weeks.

I talked to the principal (I guess) a Mr. Fenton regarding this and he was practically non-verbal.

We realize there must be discipline, but let's not delegate the responsibility to students.

How about the paid help using their wisdom in matters such as these

THE GREAT WIDE-TRACK DRIVE IS ON!

There's very little difference between Wide-Tracking in a Pontiac and ordinary driving... in dollars. A big, powerful Wide-Track Pontiac costs more than some of the so-called low-priced cars. So if you're settling for less than a 400 cubic inch V-8 and a big-car 121-inch wheelbase, stop settling. Start Wide-Tracking. The drive is on. See your Pontiac dealer. He's out to smash sales records for the 7th straight year!
